| 1 Infantry soldier | battalion   | French units must occupy the settlements in their half of the field and hold them until the end. Marchand must occupy Böfingen, with the light cavalry unit remaining in reserve behind the village. Sahuc must occupy Haslach. Royer must occupy Jungingen.<br>The commanders are stationed next to or behind the settlements, but cannot be attacked unless the defenders of the occupied towns and villages are first eliminated.<br>The Engineer units can fortify all settlements, increasing the defense of the units occupying them by 2 points, up to a maximum of 5 points. They can also create fortifications for artillery units. |    |       |    |         |       |
